QUALIFICATIONS

BitCamp got me interested in WEB Development in 2021 December and I started learning it with online resources. I'm developing my skills everyday and currently I'm focused on ReactJS. I'm willing to learn other Frameworks later and mobile development too.

My skills are: HTML, CSS, JavaScript, ReactJS, Redux, API.

I also understand basics of SCSS, Bootstrap, jQuery, GraphQL, Apollo Client.

Meanwhile I have worked on several projects. You can check them out in my portfolio here.
